

BHPS SCHOOL PRIORITIES 2020-21

1. Ensure attainment and progress for all children across the school is maintained by plugging gaps in knowledge and skills in phonics, reading, writing and maths.
2. Ensure that catch up funding is targeted at disadvantaged children so that the attainment gap is diminished.
3. Maintain the raise in attainment of boys at the end of EYFS through developing provision and child led learning, centred on the prime and specific areas of learning for the Early Years phase.
4. Subject leaders continue to implement the new structure and content of the school's curriculum to further improve progress and attainment.
