Music As musicians, the children will be building on their skills of playing the recorder, learning new notes. They will also learn to sing *Living on a Prayer* by Bon Jovi. They will combine this knowledge to attempt a musical rendition of the song.

English

As readers, the children will be reading an adapted version of Shakespeare's *Macbeth* and *Beowulf*. They will be exploring the settings and different characters in the book.

They will continue to read a range of texts in Whole Class Guided Reading to develop their reading skill as well as reading for pleasure in class.

As writers, the children will be using the texts as stimulus to write for a variety of different purposes and audiences. This will include: descriptions, balanced arguments and letter writing

Mathematics

As mathematicians, the children will be introduced to angles, learning how to classify them and how to measure them using a protractor.

The children will also further develop their knowledge and understanding of decimals and units of measurement. They will also have focused lessons to consolidate their arithmetic skills

Computing

In computing, the children will be learning about 3D modelling using Purple Mash. They will explore how to create and manipulate 3D objects, using different tools to design and build their own models. The children will be encouraged to use their creativity to plan and present their own 3D designs.

French

As linguists, the children learn language and vocabulary based on 'At the tea room' and the 'Olympics'

Science As scientists, the children will be learning about Living Things and their Habitats. Through this topic, they will learn the life cycles of mammals, birds, insects and amphibians from embryo to old age. They will also look at the life cycle of flowering and non-flowering plants, and how some plants can reproduce to create clones.

The children will also study Animals including Humans. This topic discusses the changes in humans throughout their life cycle including puberty.

P.E

As athletes, the children will continue to develop their fielding, striking, net and invasion skills by focusing on badminton, basketball and rounders.

5NT will be going swimming.

R.E

During RE, the children will have the opportunity to read the bible stories as well as exploring the Exodus story, Moses and the 10 commandments. They will learn about the belief of humanists and compare these beliefs with Christians, finding out what matters most to both.

Special Events:

16th May Veteran Speaker

20th May Key Stage 2 Sports Day (17th June reserve day)

21st May RE workshop

11th June Year 5 and 6 singing workshop

17th July Anglo-Saxon and Viking Day at Tatton Park

Relentless Routines.

PE: All Year 5 classes on Friday

5 NT will be going swimming on a Thursday.

Homework set on Friday to be returned the following Friday. Please ensure your child reads for 20 minutes every night and sign their reading record weekly.

History

As historians, the children will be studying the Anglo-Saxons and Vikings. They will be exploring where and when they came to Britain and why. They will also be exploring specific events and how life changed in Britain during this time, including the introduction of Christianity to Britain.

Art & Design Technology

As artists, the children will be exploring installation art-(sculpture / 3D)and working collaboratively in groups to create their own installation based on space

As technologists, children will be exploring different mechanisms to design and make their own pop-up book.

Personal, Social & Health Education.

As citizens, the children will learn about what peer pressure is and how we can help ourselves and others when faced with positive and negative peer pressures. As well as this, the children will be developing their understanding of the working world and enterprise.
